

Hello Everyone,

The letter for this week is "YO." There are three files attached to this email.

The first file is the front and back to make four index cards with "yo" and "yo" words.

The second file has vocabulary sheets focusing on four words: yo-li-sa (chef); yo yo (yo yo ); yo-jeung (fairy); yo-t (yacht). Feel free to use this video, <https://www.youtube.com/watch?v=d7fLM-gpggc>, to read these words out loud with me.

The third file has worksheets and handouts to practice writing and becoming familiar with the letter "yo."

This week I have two more videos:

[https://www.youtube.com/watch?v=3i\\_64Cz2URs](https://www.youtube.com/watch?v=3i_64Cz2URs) (Song: Words that start with "Yo")

This week in addition to reading out the words, we have a song made up of words that start with the letter "yo," to the tune of Row, Row, Row your Boat.

<https://www.youtube.com/watch?v=SkpgV11bHag> (Let's make a yacht!)

Here's a fun, easy activity you can do anytime! All you need is a paper plate, something to color with, tape, paper (for the sail), and a stick to make a yacht. This video also has captions in English and Korean that you can select by clicking on "CC" and then setting the language in Settings.

Have a good week!
